**SPRAY SOLAR SPF 50 2022 CON CITRONELA ORGÁNICA
(RD-M22-087 - 12/05/2022)**

Place and date of issue: MILAN – 14th July 2022

Report no. **2205E06SWR-1 Rev01**

Amended on 18th July 2022 as customer's request

PREMISE

Each clinical protocol is assessed and approved by the Technical Scientific Committee (TSC) of "Bio Basic Europe S.r.l.", whose functions, composition and procedures are described in the document "Statute-Regulation" (Annex A). The TSC ensures the completeness of each protocol issued by Bio Basic Europe S.r.l.

TSC certifies the adequacy of the documentation and the compliance of the procedures and methodologies adopted in the design and development of the research project. Before being signed for validation, each report is verified by the following mandatory members:

- a) The President and/or the Vice President and Technical Scientific Director of Bio Basic Europe S.r.l.
- b) The Scientific Research Manager of Pavia University
- c) The Investigator/Health Director of CDC Dermo-Clinical Research Institute
- d) The expert of Bio Basic Europe S.r.l., according to the area of study

Once the protocol has been confirmed by the mandatory members of the TSC, Bio Basic Europe Technical Scientific Director and the Investigator/CDC Dermo-Clinical Research Institute Health Director jointly sign the report, certifying its validity.

PERSONS RESPONSIBLE FOR THE REPORT SIGNATURE

Technical Scientific Director

CLAUDIO ANGELINETTA, Vice President, Bio Basic Europe Technical Scientific Director, Chemist/Cosmetologist. Degree in Chemistry University of Milan, specialized in Cosmetic Science and Technology at the University of Milan.

Investigator

FERNANDO MARCO BIANCHI, Bio Basic Europe S.r.l. CDC Dermo-Clinical Research Institute Health Director, medical surgeon specialist in dermatology and venereology.

LEGAL AND CONTRACTUAL INFORMATION

- The protocols are drafted according to the current legislation, guidelines issued by the Technical Scientific Committee and the provisions of the existing research contracts between Bio Basic Europe S.r.l. and the University of Pavia (Contract with the Dept. of Biology and Biotechnology dated 09th Sept. 2019/Contract with the Dept. of Public Health, Experimental and Forensic Medicine dated 24th Sept. 2019 and following renewals).
- In accordance with the current legislation and the declaration of Helsinki, all volunteers are adequately informed of the aims, methods, clinical trial details, anticipated benefits and potential undesirable effects of the study. Each panellist must sign an informed consent form, which is managed and archived according to the internal procedures of Bio Basic Europe S.r.l. Quality Management System.
- This clinical trial was performed at CDC Dermo-Clinical Research Institute, following the guidelines of the Technical Scientific Committee.
- All rights are reserved. This report is a scientific technical document protected by Copyright. No part of it can be reproduced in any way without the preventive authorization written of Bio Basic Europe S.r.l., including texts, images, logos, graphics, data, results, references to any subject involved in the study.
- Based on Bio Basic Europe experience, it is recommended to check every three years its compliance with regulatory updates.
- This final technical report was drafted by Dr. Marta SPAMPINATO - Degree in Biological Sciences (University of Oriental Piedmont) - Degree in Sperimental and Applied Biology (University of Pavia) - Technician Chemical-Physical Lab Bio Basic Lab.
